

CMS Monthly News

May 2026

In some ways our school year is winding down, but in other ways the activities and fun are just getting started!

We have many special events, family involved projects, trips, and activities to fit in over the next two months. Please keep an eye on your newsletter and calendar for all of the information you may need.

And don't hesitate to ask at the school office if you have any questions.

Memorial Day
Monday, May 25th

School Closed

A Special Thanks!

... To everyone who brought in their "Need For Seeds" and "I Heart the Earth" projects.

... To all of our parents and grandparents who have been so supportive of our school.

... To all of our teachers who love and care for all of the special little people each day.

... To the many families who have donated books, puzzles, and care toys for our classrooms.

Thank you! Thank you!!

Standardized Testing

Monday, May 4th through Friday, May 8th will be a time of standardized testing for some of our kindergarten and elementary aged students.

The tests will happen in the morning between 9:15 am and Noon.

If your student is involved in the testing process, please be sure he/she is present each test day and arrives no later than 9:00 am.

Thanks for your help!

Mark Your Calendar

Upcoming Events:

Teacher Appreciation Week

Monday, May 4th - Friday, May 8th

Teacher Appreciation Day

Tuesday, May 5th

Please tell your student's teacher you appreciate them!

CMS SUMMER CAMP

SAVE THE DATES

Monday, July 06th
Through
Friday, August 14th

This will be 6 weeks of fun in the sun!!

Looking forward to seeing you there...

Space is limited, so please let the office know if your child will be attending - Thanks!!!

Absolutely Incredible Kids Day

Wednesday, May 13th

Everyone will receive paperwork regarding this special day in their parent information file. If you do not, please contact the school office for details. All letters, emails, etc... need to be received by Tuesday, May 12th.

There is a link on the CMS website for sending emails. Thanks!.

All School Trip and CMS Family Picnic

Friday, May 22nd
11:45 am - 1:00 pm

Meet Your Student at The Park - 11:45 am

On Friday, May 22nd, from 11:45 am to 1:00 pm, each student at the Capital Montessori School may invite their family as their very special guests to our annual CMS Family Picnic. Please refer to the following information when making your plans for this event.

Our upcoming picnic will be a potluck. This is a special event to spend time with our school families. It will take place at the Tumwater Historical Park and will last approximately one hour; however our families are welcome to stay as long as they wish.

Maps will be available from the school office for anyone who needs them.

Students will be transported to Tumwater Historical Park at 10:00am for a morning of outdoor discovery and fun.

Parents are then asked to pick up their student at the park no later than 11:45am and join the picnic. School closes at 11:45am.

Sorry, there is no child care available at school after 11:45am.

Families are asked to bring the following:

Food items to share for the potluck and beverages for your family.

Outdoor games and lawn chairs are always an option but are not required.

See You There —

THANK YOU!!!

Thanks so much to all of our families for donating books, activities, puzzles and care toys to our classroom this year...

You have touched our hearts!!!

*We especially need
imagination in science,
it is not all mathematics,
nor all logic,
but it is somewhat
beauty and poetry*

- Dr. Maria Montessori

Character Building Classes

Our Character Building Classes this month will include the topic of **Organization**

Getting organized is an important success skill that can make life easier for kids of all ages. It might take some effort in the beginning, but it's worth it in the long run. Here are some tips to help your child improve their organization skills at home, at school and beyond:

1. Build a Habit: An environment that feels organized, where things have assigned places to live and are easy to see, will help your child on the path to organization. When I needed inspiration on what an organized environment for kids looks like I turned to Montessori.

The Montessori classroom is a calm and inviting place to learn. That is because it is a vision of carefully planned order and organization. Lesson tasks are laid out on trays and sit on clean, uncluttered shelves. Each tray has a place that it lives. The student takes the tray, does the work, and then returns the tray.

The space between each tray allows the children to see what is really there. They don't become so overwhelmed by "stuff" that they block out the overwhelming visual stimuli and see "nothing." Plus it's easy to remember where the tray lives and that makes it easier for the kids to take control of staying organized.

Another thing Montessori classrooms do is to rotate materials in and out of the classroom on a weekly or monthly basis. Not having every single toy out and available cuts down on that cluttered feeling and has the added benefit of keeping them from getting bored with the materials.

2. Establish Daily Routines: No one is born with built-in organizational skills. The neural pathways necessary to be an organized person develop slowly and over time. We have to practice routines and teach our kids techniques to help them to start thinking in a linear and organized fashion. Creating a regular schedule can help your child learn what to expect throughout the day. Use picture schedules, clocks and other time management strategies.

3. Break Tasks Into Chunks: Help your child break down projects into smaller, more manageable steps. This will show your child that each project has a beginning, middle and end, which can make projects feel less overwhelming.

4. Make Checklists and To Do Lists: Encourage your child to keep the list in a place where they see it often and to check off accomplishments as they go.

5. Teach Calendar and Time Management Skills: Encourage your child to write down important tasks in a digital calendar or on a paper one. Then help them estimate how much time each task will take. Check your calendar daily.

6. Introduce Organizers and Use Color Coding: Show your child how to use outlines, graphic organizers or concept webs to organize ideas for school projects. Assign colors to each project. Use of brightly colored pocket folders and colored pens will help your child to engage more easily.

7. Help Your Child Think Ahead: Before bedtime, review plans for the next day with your child. This can make your child feel more secure. Together you can plan how to handle things if a change comes up in the schedule.

8. Get Buy-In: Brainstorm about what might be easier or better if your child was more organized and focused. Maybe homework would get done faster, there would be more play time, and there would be less nagging about chores. Then there's the added bonus of your child feeling proud and you being proud, too.

9. Set Expectations: Be clear, in a kind way, that you expect your kids to work on these skills and that you'll be there to help along the way. Be sure to reward and provide support throughout the process.

10. Things to Remember: It will take time to teach your child how to break down tasks into steps. It also will take time for them to learn how to apply these skills to what needs to be done. Make organizing fun by using games and rewards as part of the learning process. Sometimes, it will seem simpler just to do it for them. It certainly would take less time. But the trouble is that children don't learn how to be independent and successful if their parents swoop in every time a situation is challenging or complex.
